Sliding Doors

All our sliding doors are made of the finest quality aluminium profile, we don't use steel door systems.

Our doors are fitted with a full glazing gasket that is designed to eliminate shock, providing a cushioning impact for longevity with everyday use.

Unlike other manufacturers, we don't use standard sliding door sizes. We use room measurements to calculate the exact height and width of each section of the door, for a bespoke size to fit your space perfectly.

Accessories

Accessories can help to bring a personal touch to your bedroom, but it's important to choose wisely. Please see a small selection below with hundreds more accessories & components available online.

Madrid PIR - Chrome

800-A

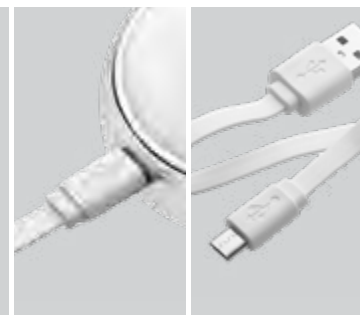

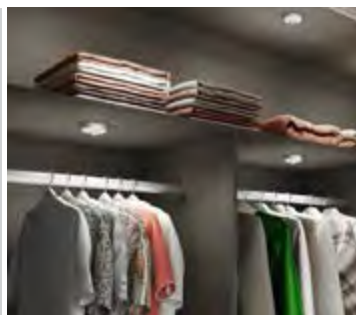

Ø70 x 25mm(H)

Madrid PIR - Stainless Steel

801-A

Ø70 x 25mm(H)

The Madrid rechargeable battery cabinet light has a rechargeable lithium-ion battery and an integrated PIR sensor. The battery is rechargeable using the integrated USB port and the product has an on/off switch to save the battery capacity when the unit is not in use. The Integrated PIR sensor enables the unit to stay lit when movement is detected, or when the cabinet door is opened. If no movement is detected the unit will switch off after 10s.

Galaxy - LED Illuminated Mirror

802-A

800mm (H) x 600mm (W) x 50mm(D)

Our popular Galaxy mirror includes an infrared sensor which activates the diffused strip of light running around the mirror. The integrated demister pad clears the condensation from the central area. This contemporary mirror features a soft edge profile creating a finish that is subtle but beautiful.

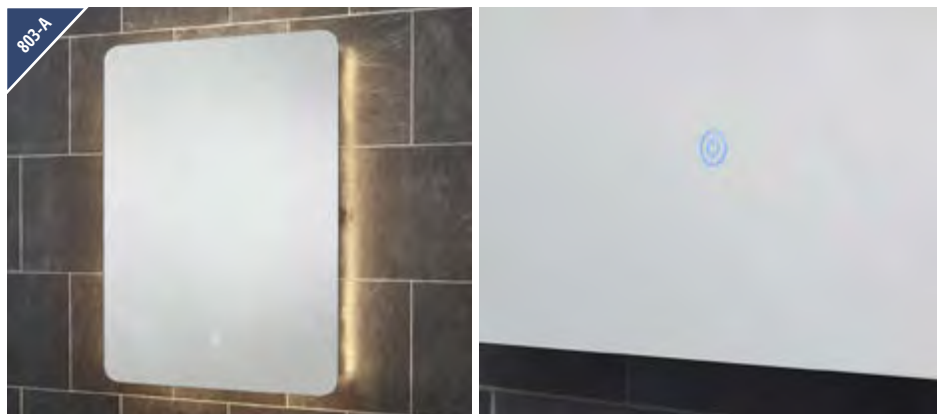

Regal- Soft Edge Backlit LED Mirror

803-A

800mm (H) x 600mm (W) x 60mm (D)

Simple, yet striking. The Regal provides you with easy to use functions such as the touch sensor activation and demister pad. The equal light distribution is perfect for shadow reduction, ensuring you always look your best..

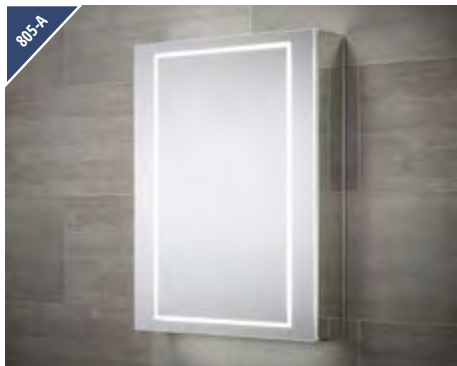

Bordeaux - Dual Lit Single Cabinet Mirror

804-A

700mm (H) x 500mm (W) x 140mm (D)

This dual-lit single cabinet mirror features diffused LED points, the very latest in LED technology. A perfect addition to any bathroom that needs extra storage without compromising on style.

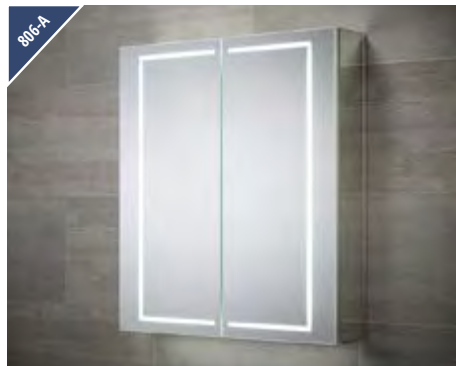

Santander - Single Door Diffused LED Cabinet Mirror

805-A

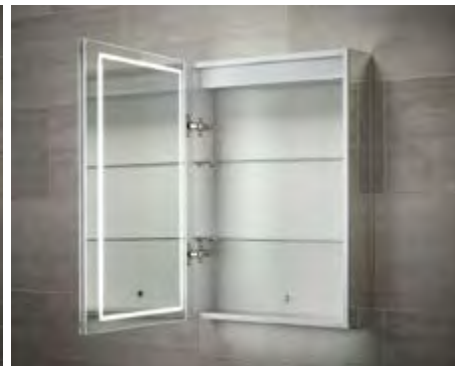

700mm (H) x 500mm (W) x 140mm (D)

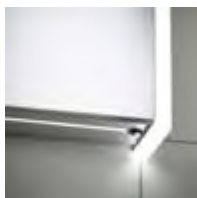

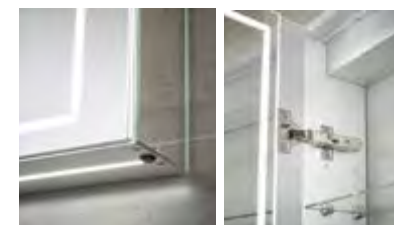

Santander - Double Door LED Cabinet Mirror

806-A

700mm (H) x 600mm (W) x 140mm (D)

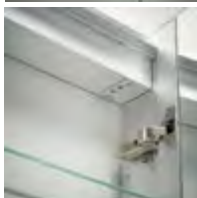

A statement cool white LED illuminated mirrored cabinet, the Sonnet features integrated demister pad and internal shaver socket in addition to mirrored and illuminated internal and external doors.

Amelia - Single Door Diffused LED Cabinet Mirror

807-A

725mm (H) x 570mm (W) x 130mm (D)

Amelia - Double Door Diffused LED Cabinet Mirror

808-A

725mm (H) x 670mm (W) x 130mm (D)

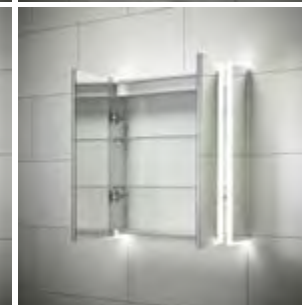

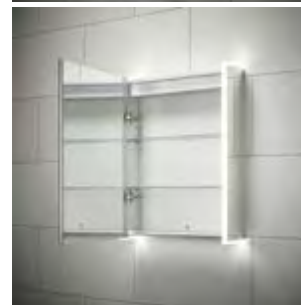

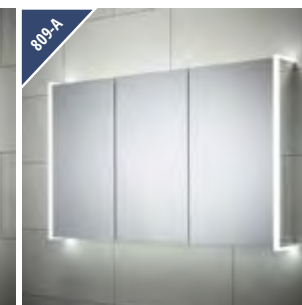

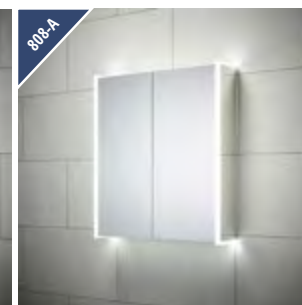

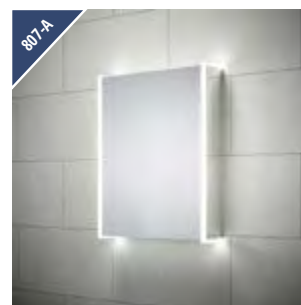

Amelia - Triple Door Diffused LED Cabinet Mirror

809-A

725mm (H) x 1205mm (W) x 130mm (D)

The Amelia cabinet range feature expertly designed lines of diffused lights running the height and depth of the unit to generate a beautiful floating effect. Integrated features include a demister pad, charger socket and Bluetooth technology and integrated speakers to stream music and audio.

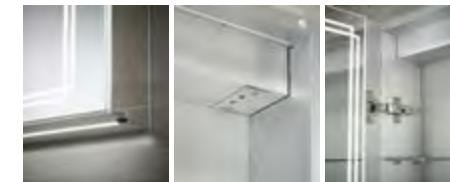

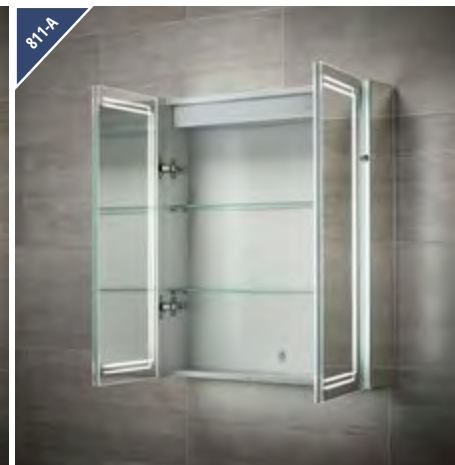

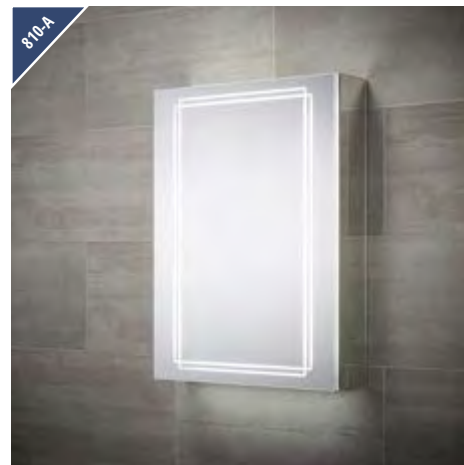

Hampton - Single Door Diffused LED Cabinet Mirror
810-A

700mm (H) x 500mm (W) x 140mm (D)

Hampton - Double Door Diffused LED Cabinet Mirror
811-A

700mm (H) x 600mm (W) x 140mm (D)

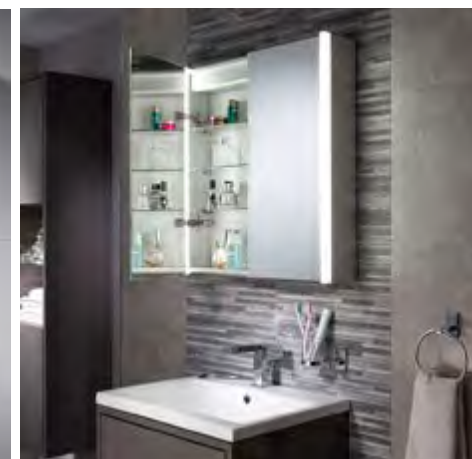

A fantastic addition to any bathroom, The Hampton's dual strip design immediately demands your attention. Featuring an infra-red sensor to activate, a demister pad and a charger socket for convenience. A strip of additional lighting has been fitted underneath the cabinet providing additional task lighting. Available in 500mm and 600mm widths, the internal glass shelves can perfectly house all of your bathroom products.

Alure - Double Door Diffused LED Cabinet Mirror
813-A

700mm (H) x 700mm (W) x 120mm (D)

This double cabinet mirror with diffused LED points is sure to boost your bathroom's style and storage space.

Care & Maintenance of Sliding Doors

Correct use and maintenance of your doors will improve their lifespan and maintain their appearance. Please consider the following guidelines:

- Top and bottom tracks should be regularly swept and vacuumed to prevent the build-up of naturally occurring household dust and debris.
- Glass and mirror panels can be cleaned using several widely available household glass cleaning products. Ensure to follow the manufacturer's instructions and recommendations for use.
- Other panel materials; uni-colours, woodgrain, and the aluminium door frame profiles can be cleaned using a damp, micro-fibre, non-abrasive cloth with a light soapy solution of 1 part detergent such as washing-up liquid with 99 parts lukewarm water.
- Important - It would be normal and reasonable to expect that the 'Kids' display board products - Chalk, Pin and White Board will mark, scratch, and deteriorate aesthetically with typical usage. These products are excluded from the warranty.
- Do not use white spirits, turpentine, solvent based, abrasive and vinegar-based detergents or other cleaning products such as furniture polish. Coarse, abrasive cloths and sponges should not be used as they can lead to scratching and discolouring of the surface finishes.
- Failure to observe the above could result in severe damage to the surface.

All of the Luna & Vinyl door ranges carry a guarantee of 6 years against defects in materials only.

All doors are tested to Fira standards and achieve the Adhesion Performance requirements of BS6222 Part 3 1999 Domestic Kitchen Equipment.
